# Experience

We've looked after many dogs in our home and also pet-sat many dogs and cats in their homes in Australia and New Zealand.

From Chihuahuas to Great Danes, we've experienced a huge variety of dogs and know how they like to and need to be cared for differently. We also both have experience volunteering at the SPCA and WSPA, providing care for dogs and cats.

We've owned dogs in the past and would love to again one day, but for now, we love to travel and look after other people's beloved pets.

Every pet sitting experience has strengthened our knowledge and commitment to ensuring your pets feel safe, comfortable, and genuinely loved. Contact us to have a chat if you'd like to know more.

- ✓ Home security checks
- ✓ Plant watering & garden care
- ✓ Regular home status updates

Chocho & Butter

*"Matias and Juliette are honestly the best pet sitters I've ever met! They took such amazing care of our fur babies, Chocho and Butter, we could tell they were not just safe, but genuinely happy and having the best time! We got the cutest updates and felt so at ease the whole time. Can't recommend them enough ! 100% would book again! They'll always be our first choice if they're available!"*
